Puppy Probiotic +™

Promotes a Healthy Immune System, Digestive System and Balanced Gut Microflora

- ✓ Antioxidants
- ✓ Colostrum
- ✓ 9 Probiotic Strains
- ✓ 6 Digestive Enzymes
- ✓ 6 G.I. Protectors
- ✓ Phytonutrients
- ✓ Powder added to any meals
- ✓ Health Canada # NN. A1M4
- ✓ Available in two sizes, 150 g & 310 g

Your puppy's microbiome matters right from the start as gut bacteria does amazing things for a young dog's overall health. It supports the immune system, absorbs nutrients from foods and creates B vitamins and enzymes, and helps to build growing healthy bodies. From birth, the type of bacteria strains in our puppy's microbiome are shaped by countless factors like the types of food that they eat, habits they have (rest and play times), and their environment (different stimuli and early basic training). Start your puppy off right with Omega Alpha® Puppy Probiotic +™. Not only does it have nine healthy bacteria strains, but it also contains antioxidants, phytonutrients, colostrum, six digestive enzymes, plus gut soothers and protectors.

RECOMMENDED USES: Promotes a healthy immune system, digestive system and balanced gut microflora.

**DIRECTIONS BY PUPPY'S BODY WEIGHT:
ADMINISTER ORALLY ONCE PER DAY**

LBS	KG	DOSAGE
1.5-13.2	0.7-6	¼ scoop (1.25 g)
13.4-26.5	6.1-12	½ scoop (2.5 g)
26.7-48.5	12.1-22	1 scoop (5 g)

For use in puppies over eight (8) weeks old. Shake bottle well before use. Before adding the product to food, add 1 scoop of water to ¼ of puppy's food.

Mix the recommended dose into ¼ of puppy's usual food; follow with the rest of food to ensure pet will ingest full dose.

STORAGE: Do not refrigerate. Store protected from light and moisture. Use within three (3) months after opening.

ALLERGENS: Contains no corn, gluten, soy or wheat.

Omega Alpha® Puppy Probiotic +™ per 1 scoop (5 g) contains:

<i>Bacillus subtilis</i>	300 Million CFU*
<i>Bifidobacterium breve</i>	300 Million CFU*
<i>Bifidobacterium longum</i> subsp. <i>infantis</i>	300 Million CFU*
<i>Bifidobacterium longum</i> subsp. <i>Longum</i>	300 Million CFU*
<i>Enterococcus Lactis</i>	300 Million CFU*
<i>Lactobacillus acidophilus</i>	300 Million CFU*
<i>Lactobacillus paracasei</i>	300 Million CFU*
<i>Lactobacillus plantarum</i>	300 Million CFU*
